Complaint Number	Complaint Summary
<p>3471</p> <p><b>Committee Recommendation:</b></p> <p><b>Full Board Recommendation:</b></p>	<p>The Board Office received a police report indicating that a pharmacist had threatened several of her superiors during an intake session at a behavioral health Center. The nurse reported the incident to the police because the pharmacist had threatened to shoot the individuals and after making the threat the individual left the facility. The pharmacist was asked to meet with Board Staff to schedule any necessary evaluations and exams. The pharmacist met with Mr. Wand and brought letters from her psychologist and medical doctor. The pharmacist feels that she is emotionally stable and competent to work. She stated that she has had several life altering events occur recently. She was upset with the pharmacy supervisors because she was written up by them.</p> <p>Pharmacist Involved with the Complaint – Tammie Dennisor</p>
<p>3485</p> <p><b>Committee Recommendation:</b></p> <p><b>Full Board Recommendation:</b></p>	<p>The complainant stated that his prescription for Budeprion XI 300 mg was left unfilled for 3 months. The complainant stated that it is his belief that his prescription for Budeprion was confused with his new prescription for Ibuprofen. The complainant stated that the prescription was deleted from the pharmacy's records. The pharmacist stated that the patient had a prescription filled for Budeprion in July. The pharmacist stated that in August the patient had two new prescriptions filled. One prescription was for Ibuprofen and the other prescription was for Hydrocodone/APAP. The pharmacist stated that the patient had not ordered any Budeprion since July of 2007. The complainant went to the doctor in November of 2007 and it was determined that he had not taken any Budeprion since August of 2007. The patient was given a new prescription for Budeprion that was filled at the pharmacy.</p> <p>Pharmacy – Smith's Pharmacy #188 Permit # - 2342 Pharmacist In Charge – Renee Plank Pharmacist Involved with the Complaint – Renee Plank Previous Complaints – No Previous Complaints Violation (s) for current complaint – No Violations</p>
<p>3487</p> <p><b>Committee Recommendation:</b></p> <p><b>Full Board Recommendation:</b></p>	<p>The complainant stated that she presented a prescription to the pharmacy for Norvasc 10 mg. The complainant stated that she never received the Norvasc 10 mg but was given Norvasc 5 mg which was the strength of her old prescription. The pharmacist in charge stated that the patient's prescription for Norvasc 10mg was filled for 7 tablets on 12/22/27. The patient wanted Brand name product and only wanted 7 tablets. Counseling documentation indicated that the prescription was sold and counseled on 12/22/2007. The complainant stated that she never received the 10mg. The pharmacist stated that the patient received 7 tablets of the 5 mg strength on 12/27/2007 tablets of the 5 mg strength on 12/31/2007. It is not clear why the patient received the 5 mg strength instead of the 10 mg strength. The prescription for 5 mg was not discontinued when the patient presented the new prescription for the 10 mg, so that might have created some confusion as to what strength the patient was to receive.</p> <p>Pharmacy – Wal-Mart Pharmacy #10-2051 Permit # - 3487 Pharmacist In Charge – Joseph Morgan Pharmacist Involved with the Complaint – Lou Scafuri Previous Complaints 1. 3/97 Wrong drug dispensed – Conference 2. 3/01- Outdated Insulin dispensed - Conference Violation (s) for current complaint – No Violations</p>

Complaint Number	Complaint Summary
<p><b>3492</b></p> <p><b>Committee Recommendation:</b></p> <p><b>Full Board Recommendation:</b></p>	<p>The prescriber filed a complaint stating his patient had received a refill on Septra DS which was not authorized. A copy of the prescription label provided by the physician showed 59 refills remaining on the prescription. The pharmacy states that the prescription was written for a quantity of #60 with zero refills, however #60 had been typed in both the quantity and refill section during data entry. The patient did receive one refill prior to the pharmacy being notified of the complaint.</p> <p>Pharmacy – Walgreens #4508 Permit # - 1439 Pharmacist In Charge – Michelle Smith Pharmacist Involved with the Complaint – Michelle Smith Technician Involved with the Complaint – Raymond Wolfe Previous Complaints N/A Violation (s) for current complaint – R4-23- 402 (A) (10) (c) – A pharmacist shall check the prescription data entry to ensure that the data input: Communicates the prescriber’s directions precisely by verifying dose, dosage form, route of administration, dosing frequency, and quantity</p>
<p><b>3494</b></p> <p><b>Committee Recommendation:</b></p> <p><b>Full Board Recommendation:</b></p>	<p>The complainant, who is a physician, filed the complaint because one of his patients was contacted by the pharmacy to change his medication to the generic alternative agent. The patient agreed to the change. A fax was sent to the doctor requesting his approval for the change and the issuing of a new prescription for the change. The doctor stated that he feels that the pharmacy should not be contacting elderly patients to switch medications.</p> <p>The pharmacy stated that if the patient agrees to the change a fax is sent to the physician. The pharmacist stated that the doctor may agree to the switch and sign the fax, sign and refuse the request or ignore the request and nothing is done. The pharmacy explained to the doctor that cost containment is and has been a part of the Medicare and managed care practice for a long time.</p> <p>Pharmacy – University of Arizona College of Pharmacy Permit # - 4709 Pharmacist In Charge – Kevin Boesen Pharmacist Involved with the Complaint – Nicole Scovis, Rose Martin Previous Complaints N/A Violation (s) for current complaint – No Violations</p>
<p><b>3495</b></p> <p><b>Committee Recommendation:</b></p> <p><b>Full Board Recommendation:</b></p>	<p>The complainant’s prescription was written for both albuterol and the microchamber spacer. The prescription was filled for the albuterol only because the patient’s insurance did not cover the microchamber. The technician understood that the patient did not want the microchamber as it had to be purchased separately. The complainant stated that the technician did not ask her if she wanted the microchamber. The pharmacist did not ask the patient if she wanted the microchamber because she relied on the information from the technician. The patient may not have understood that the microchamber was not being dispensed unless she paid for the microchamber. Counseling was documented.</p> <p>Pharmacy – Walgreens #5209 Permit # - 8815 Pharmacist In Charge – John Belobraydic Pharmacist Involved with the Complaint – Karen Pavuk Technician Involved with the Complaint – Megan Beals Previous Complaints N/A Violation (s) for current complaint – No Violations</p>
